Spring Product Spec Guide

Contents

Front

6 Mind & Matter Depleting oil reserves pose a problem for a world that runs on plastic. Will alternative materials replace them—or will the world learn to do without? **Brian Brownell**

8 My Spec NC2 Studio's Russ Naylor and his company, Bok Modern, design ceiling systems with patterns laser-cut into the metal. **Laurie Grant**

Products

Inside are 117 products broken out into the six categories below. From decorative blast-resistant curtains to reissued 1930s task lamps, we handpick the latest items that you may want to spec for your next project. **Jennifer Brite**
